Stamped Sidewalks

FOR CONCRETE CONTRACTORS

A premium line item that installs in *about a minute.*

Offer custom text stamping on the pours you already have booked. The stamp arrives ready to use, the press adds about a minute to finishing, and the client pays for something the contractor down the road isn't offering.

HOW IT WORKS ON YOUR JOB

01

Quote it with the job

Price any inscription instantly in the free designer — no back-and-forth, no minimum order beyond the stamp itself.

02

We cut and ship

Production in at least 10 business days, then it ships to you or straight to the site, ready to press.

03

Press it at finishing

Wait for thumbprint-firm, press straight down, lift straight up. A crew field guide is emailed with every order.

ON THE POUR

About a minute

Goes into your normal finishing window — no new trade, no return trip

TRANSPARENT PRICING

$0.60/sq in

Most stamps land between $100 and $350 — mark it up as a service line

REUSABLE

20 yr

Field record on our oldest stamps — keep it for the next job or hand it to the client

Price a client's stamp in *thirty seconds.*

Design it in the browser, show the client the exact 3D impression, and quote it on the spot. A free account saves your designs between jobs.
